

Healthcare Hospitality Network House Resource Guide®

Table of Contents

Introduction

The House Resource Guide is an easy to use information guide for Hospitality Houses and proposed ones. It has been developed to assist you with your planning, operations, and management of a House.

It is the desire of the HHN Board of Directors that the House Resource Guide will be constantly updated so that information will be timely for members. It is a dynamic document designed to meet the needs of our organization. As the book develops and grows, you can help us by sharing your ideas, and add content to improve the book.
